

Apartments in Famous Country House

31 MILES FROM LONDON

FURNISHED APARTMENTS TO LET

WEST WYCOMBE HOUSE is one of the finest examples of eighteenth century Palladian architecture in the Country. It was built about 1750 by Sir Francis Dashwood and is now the home of Sir John Dashwood, the premier baronet of Great Britain.

The views from the house are exceptionally beautiful—giant beech trees, an ornamental lake, temples to the gods, and the rolling Chiltern hills.

The top floor of this house was recently converted into self-contained

furnished apartments. These consist of two to three large comfortable bedrooms, a dining room and a drawing room. Modern American-type kitchens have been installed, hot water and central heating are supplied from the house service.

Garages are provided and fresh vegetables can be obtained from the private gardens. Other amenities include a hard Tennis Court and a first-class indoor Squash Court. There is also a nearby Riding School.

For particulars, please apply to: The Agent, West Wycombe Park, Bucks.
